

every office and ergonomic requirement.

Granada's exceptional seating line includes push button operation. A technology that allows you to control the adjustment of your chair with the push of a button. Button controls are user friendly, conveniently located and easy to reach. This makes users more likely to adjust their chairs and takes ergonomics to the next level.

Push button models are available in Synchro-Tilter, Tilter, Task and Posture Task models with plain or detailed backs.

SCHUKRA
SCHUKRA® is a
registered trade mark
of SCHUKRA®
Manufacturing Inc.

An easily adjustable lumbar support allows users to choose their desired level of comfort throughout the day. By supporting the upper body, SCHUKRA lumbar adjustment helps to alleviate neck and shoulder tension. An easy to use handle on the chair back increases and decreases the curvature of the lumbar support for desired level of comfort.

The Three Mechanism Options

Task

- 1 pneumatic seat height adjustment
- 2 seat depth adjustment.

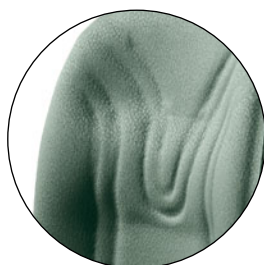

Operator

- 1 pneumatic seat height adjustment
- 3 back height adjustment
- 4 Two levers, seat and back angles adjust independently of each other and lock in any position or free float

Multi Tilter

- 1 pneumatic seat height adjustment
- 2 seat depth adjustment.
- 3 back height adjustment
- 4 forward and rearward seat tilt with infinite tilt-lock control, back angle adjustment

Features

Stitching – Detailed back stitching is available on some models.

Seat slider (MD) – Adjustable seat depth is standard on multi-tilter models allowing the users to change the seat depth to accommodate the length of their thighs.

Height adjustable arms – are standard on all Granada chairs with "T" arms.

Width adjustable arms – are standard on all Granada chairs with "T" arms. 31 optional arms available.

Contoured seat – All Granada models feature contoured seats with waterfall edges.
